Washington State

*Injury data unavailable for this year. Percent change in serious injuries from 01-02 to 02-07 averages.

**Percent change not calculated when fewer than 5 deaths occurred between 98-01 and 02-07.

Rates or percentages based on fewer than 20 events may fluctuate dramatically from year to year even when there is no meaningful difference.

Cowlitz County

*Injury data unavailable for this year. Percent change in serious injuries from 01-02 to 02-07 averages.

**Percent change not calculated when fewer than 5 deaths occurred between 98-01 and 02-07.

Rates or percentages based on fewer than 20 events may fluctuate dramatically from year to year even when there is no meaningful difference.

Data Sources: FARS, WSDOT, DOL, and OFM.

TECHNICAL NOTES

MEASURE	DEFINITION	DATA SOURCE
Fatality	Any person who dies within thirty 24-hour time periods as the result of injuries sustained in a collision. (inj_sev=4)	FARS
Serious injury	Any injury other than a fatal injury that prevents the injured person from walking, driving, or normally continuing the activities the person was capable of before the injury occurred.	WSDOT
Drinking-Driver-Involved Fatalities	Number of fatalities resulting from collision in which at least one driver had a positive alcohol test result (>0.00 g/210L) or police reported alcohol involvement = 'yes' (drinking=1 or 0<alc_res<95)	FARS
Impaired-Driver-Involved Fatalities	Number of fatalities resulting from collision in which at least one driver had an alcohol test result greater than 0.07 or a positive drug test result.	FARS
Speeding-Related Fatalities	Number of fatalities resulting from collision in which at least one driver was reported as "Driving Too Fast for Conditions or in Excess of Posted Maximum" (drf1, drf2, drf3, or drf4=44)	FARS
Motor Vehicle Occupant	Driver or passenger in a motor vehicle at the time of the collision. Does not include persons on motorcycles, all-terrain vehicles, or farm equipment. (body_typ<80)	FARS
Occupant Seat Belt Use	Number of motor vehicle occupants using a seat belt at the time of the collision. Incorrect seat belt use is considered non-use.	FARS
Motorcyclist Fatalities	Number of persons fatally injured while driving or riding a motorcycle, moped (motorized bicycle), three-wheel motorcycle or moped, off-road motorcycle (2-wheel), or other/unknown motored cycle type (mini-bikes, motor scooters). Does not include persons fatally injured on All-Terrain-Vehicles (ATVs). (79<body_typ<90)	FARS
Pedestrian Fatalities	Non-occupant fatalities with person type specified as pedestrian or person on personal conveyances (per_typ = 5 or 8).	FARS
